PREAMBLE

The object of Dressage is the development of the horse as a happy athlete in a positive mental & physical state through harmonious education, allowing the horse to be calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the rider.

These qualities are revealed by:

- The freedom and regularity of the paces,
- The harmony, lightness and ease of the movements,
- The lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion,
- The acceptance of the bridle, with throughness without any tension or resistance.

The present Rules for Dressage Events are the 26th edition, 1 January 2023, including updates effective 1 January 2026.

All other rules covering the same subject matter (other editions and all other official documents) issued previously are superseded.

Although these Rules set out the detailed rules of the Fédération Equestre Internationale ("FEI") governing International Dressage Events, they must be read in conjunction with the Statutes, the General Regulations (hereinafter GRs), the Veterinary Regulations (hereinafter VRs), and all other FEI Rules and Regulations.

Every eventuality cannot be provided for in these Dressage Rules. In any unforeseen or exceptional circumstances, it is the duty of the Ground Jury or the relevant person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Dressage Rules and of the FEI GRs. Should there remain any omissions in the Dressage Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Dressage Rules, other Rules and Regulations of the FEI, and sporting spirit.

Any terms with the capitalised letter are defined in the Dressage Rules, in the FEI GRs or in the Statutes.

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management.

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods.

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack.

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport.

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and are driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit.

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence.

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additional rest periods should be allowed following travelling.

b) Health status.

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication.

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures.

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares.

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids.

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

a) Competition areas.

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces.

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather.

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events.

Stables must be safe, hygienic, comfortable, well-ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of Horses:**

a) Veterinary treatment.

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres.

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries.

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia.

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement.

Horses must be treated sympathetically and humanely when they retire from Competition.

5. **Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

CHAPTER I EVENTS AND COMPETITIONS

ARTICLE 400 OBJECT OF INTERNATIONAL DRESSAGE EVENTS

The FEI established an International Dressage Event in 1929 in order to preserve the Equestrian Art from the abuses to which it can be exposed and to preserve it in the purity of its principles, so that such principles of the discipline could be handed down intact to future generations of Athletes.

The difference in elevation across the diagonal or along the length of the arena shall in no case exceed sixty centimetres (60 cm). The difference in elevation along the short side of the arena shall in no case be more than twenty centimetres (20 cm). The arena must be predominantly of sand. The measurements above are for the interior of the enclosure, which must be separated from the public by a distance of not less than ten meters (10 m). Exception from this can be granted by the FEI. If the Competition is held indoors, the arena should, in principle, be a minimum distance of two meters (2 m) from the wall. The part of the fence at A should be easy to remove, to let the Athletes in and out of the arena and must be kept closed during each Athlete's performance and between tests, until the Judge at C gives the starting signal. Publicity may only be placed on the inside of the arena fence and never on the outside and any requirements in terms of agreements between the FEI and broadcasters as may be in force, must be respected.

4.4. Any publicity applied on the fence or Judges' huts/tables must previously be approved also by the Foreign Judge or Foreign Technical Delegate before the start of the Competition. Any publicity at the front of the Judges' huts may have a maximum dimension of 2m².

When seven (7) Judges are used, the two (2) additional Judges will sit at the opposite short side of the Judge at C, five meters (5 m) from and on the inside of the prolongation of the long sides. Exceptions from this may only be approved by the FEI.

3. The replacement Athlete shall start first in the Competition and the rest of the starting times shall be adjusted accordingly for the other Athletes.
4. For CDIOs and the final Individual Competition where four (4) Athletes have qualified for one (1) NF and only three (3) Athletes may participate, in cases of certified illness of one (1) of the qualified Athletes/Horses, the 4th Athlete will replace one (1) of the qualified Athletes from the same NF.
5. For all Competitions where a maximum number of Athletes may compete upon qualification from the previous Competition at the same Event, the next best ranked Athlete will replace the withdrawn Athlete and in case the start list of the Competition has already been produced, the replacement Athlete/Horse combination will take the place in the order to go of the withdrawn Athlete/Horse combination.
6. Any such withdrawal or replacement must be reported to the President of the Ground Jury by the OC. Failing to do so will entail a Yellow Warning Card.

ARTICLE 417 DRAW FOR STARTING ORDER

1. There must be a separate draw for each Competition. The draw shall be made in the presence of the President of the Ground Jury and/or Foreign Judge, the Technical Delegate and the Chefs d'Equipe or Persons Responsible and Foreign Athlete.
2. **Individual Competitions.**
 - 2.1. The draw for the starting order in individual Competitions should be made regardless of nationality. Should an Athlete have more than one (1) Horse, the order of starting may have to be adjusted to ensure that a gap of at least one (1) hour is left between their Horses. The Athlete may decide in which sequence to start their Horses. For all Competitions not specified in these rules, an ordinary draw will be conducted.
3. **CDIs:**

The OC may choose to conduct:

 - 3.1. For Senior and Youth Competitions, an ordinary draw; or,

- 3.2. For Senior Competitions only, a draw in groups of five (5) conducted in reverse order of the FEI Dressage World Ranking List for Horses. Not listed Horses to be drawn first.

Where possible, groups should have the same number of starters; and where possible, five (5) Athletes per group. If the numbers are not evenly divided by five (5), the first group shall be the smallest i.e. for twenty three (23) Athletes: Group 1= three (3) Athletes, Group 2= five (5) Athletes, Group 3= five (5) Athletes, Group 4= five (5) Athletes and Group 5= five (5) Athletes. Athletes holding the same placing on the World Dressage Ranking List shall be drawn within the same group and groups must be adapted accordingly.

If a judge's exam takes place during the Competition, an ordinary draw must be used.

- 3.3. The starting order for all Competitions for which Athletes have had to qualify by competing in an earlier Competition, shall be determined by way of a draw in groups of five (5) in reverse order of the results of the earlier Competition. The best Athlete/Horse combinations will start last. In case of ties within one (1) starting group, the combinations that are tied shall be drawn in the same group and numbers adjusted accordingly.

- 3.4. The type of draw used by the OC must be stated in the Schedule.

4. **CDIO, FEI Championships, Continental and Regional Games.**

The draw for the order of starting in team Competitions including both team and individual Athletes will be conducted in the following manner:

- 4.1. The Chef d'Equipe of each team will determine the starting order of team members within their team. The Chef d'Equipe must deliver to the Event Director, at the latest two (2) hours before the draw of the Competition, a sealed envelope containing the order of go of the Athletes within their team.

- 4.1.1. For teams of three (3) Athletes only, the first starting position shall remain vacant.

- 4.1.2. The starting order of the teams will be drawn in groups of five (5), based on the average of the points of the participating team athletes on the FEI Dressage World Ranking list for Athletes.

- 4.2. The names of the individual Athletes are placed in a receptacle (A). Numbers equivalent to all starters are placed in a second receptacle (B).

An individual Athlete's name is drawn from receptacle A and a starting place for that individual is drawn from receptacle B. A second individual's name is drawn from receptacle A and a starting place for that individual and so on for all individuals.

When the Competition is held over two (2) days the individual starters shall be drawn in the reverse order of the FEI Dressage World Ranking list for Athletes and in two (2) groups the highest placed Athletes drawn on the second day. When the Competition is held in one (1) day the starting field will be divided in two (2) groups and the highest placed Athletes on the FEI Dressage World Ranking list for Athletes will be drawn last.

- 4.3. Numbers equivalent to the starting number of teams are placed in a receptacle (C) and placed in another are the names of nationalities of competing teams (D). Then a draw is made for the name of a team, which will be followed by a draw for a number, giving a team its starting order. This continues until the order of the last team is drawn. When the Competition is held over two (2) days, all teams must have two (2) Athletes on the second day.

- 4.4. The starting list is made out with the individual Athletes placed in the positions they have drawn. The team Athletes are then inserted in sequence in the remaining places.
- 4.5. The draw for the individual Competitions shall be conducted in the following manner:
 - Individual Competition: In reverse order of the individual ranking result from the Team Competition, in groups of five (5).
 - Freestyle Competition: In reverse order of the individual result from the Individual competition, in groups of five (5).
- 5. **CDIO Youth, FEI Youth Championships.**
 - 5.1. In Youth Championships, the draw for the Team Competition is done in accordance to 417.4.
 - 5.2. For the Individual Youth Competitions, including Grand Prix 16-25, Children Preliminary B Competition, it will be an ordinary draw.
 - 5.3. For the Children Individual Competition and all Youth Freestyle Competitions there will be a draw in four (4) groups, in reverse order from the rankings of the previous Competition. First drawn is a group of three (3), with athletes placed 18th to 16th. The Athletes in the group ranked 18th to 16th will start first, followed by the group ranked 15th to 11th, and so on.

CHAPTER III COMPETITIONS, SCORING AND RESULTS

ARTICLE 418 PRE-COMPETITION WARM-UP

1. Training in Competition arena.

- 1.1. On no account and under penalty of disqualification, may an Athlete/Horse use the Competition arena at any time other than during their performance in a Competition or when at the discretion of the OC the main arena is open for training (see below). Any exceptions must be approved by the Technical Delegate or the President of the Ground Jury.

2. Practice Arena.

- 2.1. At least one (1) practice arena of sixty meters (60 m) by twenty meters (20 m) must be placed at the disposal of the Athletes preferably a minimum of two (2) days before the first Competition of the Event. This arena should be of the same consistency as the Competition arena footing. Organisers and the FEI are permitted to use a static camera to make video recording / live streaming of the practice arena(s) to be shown at the venue.
- 2.2. Where it is not practically feasible to provide a practice arena of sixty (60) metres by twenty (20) metres, the Athletes must be permitted to exercise their Horses in the Competition arena.
- 2.3. A fixed time Schedule setting out the times during which the Competition arena may be used for training purposes must be clearly set out in the Schedule. If training is permitted in the Competition arena, it is recommended that the set-up of the final warm-up in the Competition arena is as similar as possible to the final Competition set-up.

3. "Ten (10) minutes Arena".

- 3.1. The "ten (10) minutes Arena" is the last practice arena before entering the Competition arena. A ten (10) minutes Arena must be available for Olympic Games and FEI Championships and recommended for all other CDIs/CDIOs.
- 3.2. The ten (10) minutes arena must have the same footing as the main arena.
- 3.3. The Athlete may enter the ten (10) minute arena following the departure of the Athlete who enters the main arena. There may never be more than one (1) Athlete in the ten (10) minutes arena, unless otherwise decided by the Technical Delegate/Foreign Judge.
- 3.4. It is not obligatory for an Athlete to use the ten (10) minutes arena.
- 3.5. Adjusting of saddlery is allowed in the ten (10) minutes arena and normal care for the Horse is allowed.

4. A steward must be present at all times to supervise all training/warm-up from the official opening time of the stables and may enforce rules prior to the official start of the Event.

5. Familiarisation.

At Championships, Games and Finals, a time schedule for familiarisation is mandatory, in the fully set-up Competition arena, including filming equipment (if applicable) where possible. Familiarisation is also recommended at CDIs and CDIOs.

6. Riding with both hands is obligatory at FEI Dressage Events. When leaving the arena at a walk on long rein, after having finished the test, the Athlete may, at their own discretion, ride with only one (1) hand. For Freestyle tests, see also Directives for Judges – Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle test, available now in the Dressage Judging Manual, published on the FEI website.

Apart from the halt and salute, where the Athlete must take the reins in one (1) hand, riding with the reins in both hands is obligatory at FEI Dressage Events, but a discreet 'pat on the neck' for a well performed exercise, or for reassurance, is perfectly acceptable (as is the situation of an Athlete needing to wipe a fly from their eye, or other situations such as adjusting clothing, saddle pads etc).

However, if the Athlete intentionally takes the reins into one (1) hand in order to use either the reins or the other hand to produce more impulsion from the Horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark.

7. Execution of all tests with regards to judging matters are to be read in conjunction with the Dressage Judging Manual.

ARTICLE 419 EXECUTION OF THE TESTS

1. The Official FEI tests must be carried out entirely from memory, and all movements must follow in the order set forth in the test.
2. **Sound of bell.**
- 2.1. After the sound of the bell, the Athlete must enter the arena at A within forty-five (45) seconds. In the Freestyle, the Athlete has forty-five (45) seconds to signal to start the music and must enter the arena within thirty (30) seconds of the music starting.
- 2.2. **Entering the arena.** For Competitions where it is not practical for the Athletes to ride their Horses around the outside of the arena prior to entering the arena, Athletes are permitted to enter the arena before the bell is sounded. After the bell has sounded, the Athlete starts the test from within the arena.
- 2.3. In the event that the Horse starts to defecate or urinate, after the judge rang the bell, but before the start of the test, the clock will be stopped until the Horse is ready to continue at which point the clock will be restarted.
3. **Salute.**
- 3.1. Athletes must take the reins in one (1) hand at the salute.
4. **Beginning/End of Test.**
- 4.1. A test begins with the entry at A and ends after the salute at the end of the test, as soon as the Horse moves forward. For the sole purpose of checking the Horse for blood or correct equipment, the test is not considered ended until after the check of the equipment. Any incidents before the beginning or after the end of the test have no effect on the marks. The Athlete should leave the arena in the way that is prescribed in the text of the test.
- 4.2. At the beginning and end of a Freestyle Test a halt for the salute is compulsory on the centreline, facing the Judge at C. The test time will start after the Athlete moves forward after the halt and stop with the final salute.

ARTICLE 420 TIME AND TECHNICAL FAILURE

1. **Timing of tests.**
 - 1.1. Only Freestyle tests are timed. The time shown on all other Tests sheets is for information only.
 - 1.2. The Judge at C is responsible for the bell and clock/time. A clock showing forty five (45) seconds, should be used whenever possible, and should always be clearly visible for the Athlete.
2. **Interruption.** In case of any technical failure that will interfere with the Competition, the Judge at C shall ring the bell. It is recommended that in clear cases of external disturbance, the same procedure is applied. During extreme weather conditions or other extreme situations the Judge at C may ring the bell for interruption of the test. The Technical Delegate/OC may also suggest to the Judge at C to stop the Competition. The affected Athlete should return to complete their test when conditions so permit.
 - 2.1. During Freestyle tests, in case of technical failure or delay in start of the music, the Judge at C can interrupt the count and re-continue after the problem has been resolved.
 - 2.2. In the case of an Athlete's music failing during a Freestyle Test and in cases where there is no back-up system, the Athlete can, with the permission of the Judge at C, leave the arena. There should be minimum interference with the starting times of the other Athletes. The affected Athlete should return to complete or restart their test during a scheduled break in the Competition or at the end of the Competition. The Judge at C, after conferring with the Athlete, will determine when the Athlete should return to the arena. It is up to the Athlete whether to restart the test from the beginning or to commence from the point where the music failed. In either case, the marks already given will not be changed.
 - 2.3. If there are foreign objects in the arena which could have an influence on performance, the test has to be stopped and the Athlete can continue once the object has been removed.
 - 2.4. If an Athlete has to restart a Freestyle test, they can choose to start from the beginning of the test or from where stopped. In any other test, the Athlete must restart from where they were stopped unless the Athlete was required to leave the Arena, in which case the Athlete must be given the option to start their test from the beginning or from where they were stopped. Any scores given before the interruption remain.

ARTICLE 421 JUDGES' SHEETS

1. **General.**
 - 1.1. The Judges' sheets have two (2) columns: the first for the Judge's original mark, the second for the corrected score. Any corrected score must be initialled by the Judge having made the correction. Judges' scores must be endorsed by the Judge.
 - 1.2. There is also a column for the Judge's remarks, where the Judge as far as possible, should state the reason for the judgment. Remarks must be in English. Giving remarks is strongly recommended, when giving marks of five (5) and below. Remarks are intended for the information of the Athlete.

The original of the Judges' sheets of the placed Athlete/Horse combinations from the Olympic Games must be sent to the FEI by the OC, together with the results of each Competition, including a list where the total percentage awarded by each Judge for each

Athlete must be clearly shown. A copy of the Judges' sheets should be available to the Athletes.

- 1.3. The final results of the class must be signed off by the President of the Ground Jury or the Foreign Judge/TD as appropriate.
- 1.4. All FEI Dressage test sheets can be downloaded from the FEI website.
- 1.5. When there is a JSP, signed form with the JSP correction will be added to the normal Judges' sheets and made available to the Athletes. A copy of the form will be given to the respective Judge, whose mark was corrected.
2. **Paper Judging.**
 - 2.1. The original Judges' sheets from CDIs and CDIOs should be available to the Athletes after the Competition. No copies are required by the FEI.

ARTICLE 422 PAPERLESS JUDGING

1. The use of a paperless judging system is subject to FEI Approval and must be stated in the Event schedule.
2. Only FEI approved paperless judging systems as per the FEI requirements posted on the FEI Website may be used. Using a system that has not been approved by the FEI may lead to the FEI invalidating the results and the FEI may sanction the OC as well.
3. In any event, a paper version of the Dressage tests must be available to the Judges during Competition as backup.
4. The electronic judges' sheets will be made available to the Athletes in an electronic format via the FEI platform after the Competition. The access to the Athletes' electronic judges' sheets is strictly personal.

ARTICLE 423 MARKING

1. All movements, certain transitions from one (1) movement to another and Collective Mark, which have to be marked by the Judges, are numbered on the Judge's sheet.
2. They are marked from zero (0) to ten (10) by each Judge, zero (0) being the lowest and ten (10) the highest mark.
3. The scale of marks is as follows:

10	Excellent		7	Fairly good		4	Insufficient		1	Very bad
9	Very good		6	Satisfactory		3	Fairly bad		0	Not executed
8	Good		5	Sufficient		2	Bad			

4. All Half marks from zero point five to nine point five (0.5-9.5) may also be used both for movements and the collective mark, at the discretion of the judge.
5. "Not executed" means that practically nothing of the required movement has been performed.
6. In Freestyle Tests, half marks may be used for technical marks and decimals to zero point one (0.1) may be used for the artistic marks.

7. In tests for five (5) and six (6) year old Young Horses, decimals to zero point one (0.1) may be used. In tests for seven (7) year old Horses decimals to zero point one (0.1) may be used in the marking sheet for quality of paces.
8. In tests for Children decimals to zero point one (0.1) may be used in the marking sheet for Quality of riding.
9. Collective mark: After the Athlete has finished their performance, a collective mark is awarded for Harmony and demonstration of the Training Scale.
10. The collective mark, as well as certain difficult movements, can be given a coefficient, which is fixed by the FEI.

ARTICLE 424 PENALTIES – ERROR - ELIMINATION

1. **Error of course.**
 - 1.1. When an Athlete makes an "error of course" (takes the wrong turn, omits a movement, etc.) the Judge at C warns them, by sounding the bell. The Judge at C shows the Athlete, if necessary, the point at which they must take up the test again and the next movement to be executed, then leaves them to continue on their own. However, in some cases when, although the Athlete makes an "error of course", the sounding of the bell would unnecessarily impede the fluency of the performance - for instance if the Athlete makes a transition from medium trot to collected walk at V instead of at K, or, cantering up the centre line from A, makes a pirouette at D instead of at L - it is up to the Judge at C to decide whether to sound the bell or not. However, if the bell is not sounded at an error of course and the test requires the same movement to be repeated and the Athlete again makes the same error, the Athlete is only penalised once.
 - 1.2. The decision as to whether or not an error of course has been made will be at the sole discretion of the Judge at C. The other Judges' scores will be adapted accordingly.
2. **Error of test/execution.**
 - 2.1. When an Athlete makes an "error of the execution of the test" (trots rising instead of sitting, etc.) they must be penalised as for an "error of course". In principle an Athlete is not allowed to repeat a movement of the test unless the Judge at C decides on an error of course (sounds the bell). If, however, the Athlete has started the execution of a movement and attempts to do the same movement again, the Judges must consider the first movement shown only and at the same time, penalise for an error of course.
3. **Unnoticed error.**
 - 3.1. If the Ground Jury has not noted an error, the Athlete has the benefit of the doubt and will therefore not be penalised for the error.
4. **Penalties.**
 - 4.1. "Error of Course" and error of test/execution.
 - 4.1.1. Every "error of course" or error of test/execution, whether the bell is sounded or not, must be penalised, except as noted above.

First error	Two (2) percentage points from the total score (per Judge).
Second error	Elimination

- 4.1.2. For Young Horses tests, Children, Pony and Junior tests, the deduction for the first error is zero-point five percentage points (0.5%) from the total score, for the second error one percentage point (1%) and for the third error, Elimination.

4.2. **Other Penalties – Technical faults.**

- 4.2.1. It is the responsibility of the Judge at C to decide whether a penalty should be applied and the other judges' sheets should be marked accordingly to ensure consistency.
- 4.2.2. All of the following are considered technical faults, and zero-point five percentage points (0.5%) will be deducted per fault by each Judge, but these deductions are not cumulative and will not result in Elimination (including for Freestyle tests):

Description of Technical Fault	Comments
Entering the space around the arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g. lack of gloves)	
Entering the Dressage arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g. lack of gloves)	If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if needed and possible, an assistant may enter the arena to remove the item(s). The Athlete then continues the test from the movement where they were stopped. The marks given before they were stopped are not changed
Entering the arena before the sound of the bell	
Not entering the arena within forty-five (45) seconds after the bell, but within ninety (90) seconds	
For Freestyle tests, entering the arena after more than thirty (30) seconds of music	
Using voice or clicking the tongue repeatedly	
Athletes not taking the reins in one (1) hand at the salute	

- 4.2.3. If the Freestyle test is longer or shorter than stipulated on the test sheet, zero-point five percentage points (0.5%) will be deducted from the total artistic score, for other technical faults zero-point five percentage points (0.5%) will be deducted per fault from the technical score.

4.3. **Penalty Percentage Points.**

The penalty percentage points are deducted on each Judge's sheet from the total points obtained by the Athlete.

5. **Reasons for Elimination.**

5.1. **Lameness.**

In a case of marked lameness, the Judge at C informs the Athlete that they are eliminated. There is no appeal against this decision. In competitions that are not qualifying for a next test, the Horse needs to pass a re-inspection by the FEI Veterinary Delegate or member of the Veterinary Commission to be able to start the next test (i.e. normally the test that takes place the day after).

5.2. Resistance.

Any resistance which prevents the continuation of the test and lasts longer than twenty (20) seconds is punished by Elimination. However, resistance that may endanger Athlete, Horse, Officials or the public will result in elimination for safety reasons even if the duration of the resistance does not exceed twenty (20) seconds. This provision also applies from the moment the Combination enters the space around the arena (i.e. before entering the competition arena at A).

5.3. Fall.

In the case of a fall of a Horse and/or an Athlete, the Athlete will be eliminated.

5.4. Leaving Arena during Dressage Test.

A Horse leaving the arena completely, with all four (4) feet, during a Dressage Competition between beginning and end of the test will be eliminated.

5.5. Unauthorised Assistance.

Any outside help by voice, signs, etc. (earphone and/or electronic communication devices included) from the moment the Combination enters the space around the arena until the test is concluded, is considered as illegal or unauthorised assistance. Illegal or unauthorised assistance will result in elimination of that combination.

5.6. Bleeding.

5.6.1. If the Judge at C suspects fresh blood anywhere on the Horse from the moment the Combination enters the space around the arena until the test is concluded, they will stop the Horse to check for blood. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test.

5.6.2. If the FEI Steward discovers fresh blood in the Horse's mouth or in the area of the mouth or the area of the spurs during the check at the end of the test, they inform the Judge at C, who will eliminate the Horse and the Athlete.

5.6.3. If the FEI Steward discovers fresh blood anywhere else on the Horse's body (i.e. other than the Horse's mouth or in the area of the spurs) during the check at the end of the test, the Athlete/Horse combination is not automatically eliminated, it should be examined by an FEI Veterinarian who will advise the FEI Chief Steward and the Judge at C on the horse's fitness to continue. If the Judge at C decides the Horse is not fit to continue, the Horse will not be permitted to take part in any further Competition(s) or tests at the Event, but the result(s) obtained by the Athlete/Horse combination in any Competition(s) or tests already completed shall stand and be included in the results/ranking.

5.6.4. If the Horse is eliminated pursuant to the above, or if the Horse is injured during the test and starts bleeding after finishing the test, it should be examined by an FEI Veterinarian prior to the next Competition to determine if it is fit to continue in the Event the following day(s). The decision of the FEI Veterinarian is not subject to appeal.

5.7. Other Reasons for Elimination.

5.7.1. Horse and Athlete combination not being able to fulfil the requirements of the level.

5.7.2. The performance is against the welfare of the Horse and/or shows abusive riding.

- 5.7.3. Horse and Athlete combination not entering the Competition arena within ninety (90) seconds after the bell. Except where a valid reason thereto has been informed to the Judge at C (valid reason may be losing a shoe, etc.).
- 5.7.4. Riding with non-permitted equipment which is not covered under the FEI Dressage Rules.
- 6. **Failure to partipice in a Competition:** An Athlete who does not participate without legitimate reasons in a Competition where the participation is mandatory, will lose their placing and prize money from the previous Competition(s) in the Event and will be disqualified.

ARTICLE 425 RESULTS AND CALCULATION OF SCORES

- 1. After each performance and after each Judge has given their collective mark and signed the sheets, these pass into the hands of the scorers. The marks are multiplied by the corresponding coefficients, where applicable, and then totalled. After signing and giving away the sheet, or electronically submitting the results (paperless), Judges can no longer change their marks, with the exception of a situation, when a mark is missing, in which case the protocol should be given back to the Judge, who will add the missing mark.
- 2. **Individual Classification:**
 - 2.1. The individual Classification (CDIs) is decided as follows:
 - 2.1.1. In all Competitions the winner is the Athlete having obtained the highest total percentage, the second placed Athlete is the one with the next highest total and so on.
 - 2.1.2. **Ties.** In case of equality of percentage for the first three (3) places, the highest total median score of the Judges will decide the placing. The median score is the middle number. To calculate the median of a set of scores, the scores need to be put in ascending numerical order. E.g. 68.5% - 69% - 70% - 70.5% - 71%; 70% is the median score in this case.

Ties are not broken at CDICH events, combinations are placed equally.
 - 2.2. **Ties in Freestyle:**
 - 2.2.1. In case of equality of percentage in a Freestyle Test for the first three (3) places, the higher artistic marks will decide on the better placing. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied the higher mark for choreography will decide.
 - 2.2.2. In case of equality of percentage for remaining places, the Athletes are given the same placing.
- 3. **Ties in Young Horses Competitions.**

In case of equality of percentage for the first three (3) places, the following system must be used to break the tie: add the marks for "submission" and "perspective" and divide by two (2); the Athlete/Horse combination with the higher average mark will be ranked highest. If still tied, the "submission" mark will decide. If still tied, the combinations will be equally placed.
- 4. **Team Classification (CDIOs, Championships and Continental/Regional Games).**
 - 4.1. The Team Classification is decided as follows: in all team Competitions the winning team is the one having the highest total scores of their three (3) best Athletes, the second placed team is the one with the next highest score and so on.

- 4.2. **Ties.** In case of equality of scores, the higher ranked team will be the one whose lowest classified Athlete out of the three (3) has the best result.

Children events: In case of equality of percentage for the first three (3) places, the following system must be used to break the tie:

- The "technical" mark will be used; the Athlete/Horse combination with the higher "technical" mark will be ranked highest.
- If still tied, the highest total median score of the three (3) Technical Judges will decide the placing.
- If still tied, the combinations will be placed equally.

- 4.3. There will be no adding of percentages from the team Competition and individual Competitions, but all Competitions start from zero (0) i.e. all Athletes will start each Competition with zero (0) points.

5. **Calculation of Scores.**

- 5.1. After each performance the percentage awarded by each Judge will be calculated and published separately and provisionally, in addition to the general total.

- 5.2. The total score for the classification is obtained by adding the total points on each of the Judges' sheets, eventually corrected for changes by the JSP, and converted to percentage. Penalty percentage points for errors of course and technical faults are deducted from the total score (per Judge). All results and scores (to include artistic, technical and quality % scores) must be published in percentages with three (3) decimals after the decimal point.

- 5.3. The reference maximum total points to be used for the calculation is indicated on each test sheet.

For example: Grand Prix: 460 points.

Grand Prix Freestyle: 200 points for technical and 200 points for artistic
YH 7 yo Final: 350 points for technical and 50 points for quality

- 5.4. Percentages: all percentage calculations must be rounded up or down to three (3) decimals after the decimal point as per the following principle and example: 0.0010-0.0014 down; 0.0015 – 0.0019 up.

- 5.5. In tests with technical marks only, the total average percentage per Judge is calculated by adding the total marks per movement (multiplied by the corresponding coefficients) divided by the maximum total points and multiplied by a hundred (100).

- 5.6. In Freestyle tests, the total average percentage per Judge is calculated by adding the technical and artistic percentages and dividing by two (2).

- 5.7. In tests for Children and 7 yo Horses with technical and quality marks the final percentage is obtained by adding the technical (or average of three (3) technical) and quality percentages divided by two (2).

- 5.8. In 5 and 6 yo Young Horses classes the five (5) marks are added up and multiplied by two (2), which gives the total score.

- 5.9. The final percentage is obtained by adding the total average percentage per Judge divided by the number of Judges.

Total average percentage per Judge:	%
Judges at E	69.990%
Judge at H	70.333%
Judge at C	70.205%
Judge at M	71.120%
Judge at B	69.660%
Final percentage:	70.262%

5.10. Youth Championships.

At Youth Championships, with a Ground Jury of five (5), if a judge's final score for a Horse/Athlete combination varies (above or below) by five percent (5%) or more from the average of the scores of the other judges for the same combination, that particular score will be changed to the same as the next closest score. This provision is not applicable to the Children Category.

ARTICLE 426 PUBLISHING OF RESULTS

1. All results published in percentages must have numbers to three (3) decimals after the decimal point.
2. At FEI Continental Championships for Seniors, Regional Games, FEI World Championships, FEI World Cup™ Dressage Finals and Olympic Games, the score given by each Judge for each movement performed by the participants must be made available in spreadsheet form (one -1- form for each Athlete) for the use of Judges, Athletes, Chefs d'Equipe and the media.
